Purpose and Scope

This report has been prepared by Auto Verifi solely for the purpose of vehicle asset verification in connection with a lender's finance application, asset security assessment or ongoing asset verification requirements. It is not a comprehensive vehicle inspection, mechanical assessment, valuation or certification of ownership.

AI Scan Technology and Data Capture

Vehicle images, identification details, inspection date, time and geographic location are captured and/or processed using Auto Verifi's AI-enabled scanning technology. Information may be automatically extracted, interpreted and recorded using artificial intelligence, optical character recognition (OCR), device metadata and location services. While reasonable measures are taken to support data accuracy, AI-generated or extracted information may contain errors, omissions or inaccuracies. Date, time and location records may depend on device settings, GPS availability, network connectivity and other technical factors. Such information does not independently establish that a vehicle or its identifiers are authentic.

Inspection Limitations

The inspection is limited to the information, images and vehicle attributes captured and recorded at the time of assessment. Unless expressly stated otherwise, Auto Verifi does not: guarantee the authenticity, originality or integrity of the VIN, engine number, registration plates or other vehicle identifiers; certify the vehicle's mechanical condition, roadworthiness, safety, structural integrity or fitness for purpose; guarantee legal ownership, clear title, absence of encumbrances or freedom from fraud, theft or misrepresentation; verify the accuracy of the odometer reading or the vehicle's complete history; or warrant that all damage, defects, alterations or discrepancies have been identified.

Reliance and Liability

This report provides supporting information for asset verification purposes only. Any finance approval, lending, valuation or security decision remains the sole responsibility of the lender. Auto Verifi does not guarantee the accuracy or completeness of information obtained from third-party sources or generated through automated assessment processes. To the extent permitted by applicable law, Auto Verifi excludes liability for losses arising from reliance on inaccurate, incomplete or misleading information, except to the extent caused by its own negligence, breach of contract or other liability that cannot lawfully be excluded.

Legal and Regulatory Requirements

This report does not replace any identity verification, anti-money laundering, responsible lending, security registration, title verification or other due diligence obligations applicable to the lender under Australian law. Nothing in this disclaimer excludes, restricts or modifies any rights, guarantees or remedies that cannot lawfully be excluded under the Australian Consumer Law or other applicable legislation.

Report Validity

The findings reflect the vehicle and information available at the recorded inspection date and time only. Auto Verifi does not warrant the vehicle's subsequent condition, location, possession or ownership.

Important NEVDIS notifications about the Vehicle

Written-off:

- Not recorded as written-off.

Stolen:

- Not recorded as stolen.

Tasmanian stolen vehicle information is currently unavailable from this service. For information about the status of Tasmanian vehicles, go to:

https://www.transport.tas.gov.au/MRSWebInterface/public/regoLookup/registrationLookup.jsf (Note: you will need to provide the vehicle registration plate number to search this site).

A stolen vehicle notification, or the absence of one, does not necessarily mean a vehicle is or is not stolen.

If there is a stolen vehicle notification you wish to enquire about, you should contact the police force in the State or Territory indicated immediately after the date in the notification. The reference number at the end of the notification should be quoted as a part of your enquiry.

Please note that there may be multiple stolen notifications shown. A stolen notification can be for a VIN, Plate, Chassis and/or Engine.

Vehicle information is requested from Austroads NEVDIS database for each transaction involving a vehicle VIN

or Chassis Number on the PPSR. The data is not part of interests registered on the PPSR and it is presented without any guarantee regarding its accuracy.

The NEVDIS data is intended to assist users with checking that the VIN or Chassis Number they entered, along with information they have about the vehicle from other sources, is accurate and to provide users with any data held on NEVDIS about a vehicle's stolen or written off status.

State and territory road agencies are the main source of NEVDIS data and the primary point of contact for enquiries, errors, and corrections.

Access to and use of data provided through the PPSR is subject to the PPSR General Conditions of Use and applicable third party data conditions (which can be obtained at *www.ppsr.gov.au*). To the extent permitted by law, all data provided through the PPSR is made available without any representation or warranty of any kind (without limitation in respect to accuracy) and the Commonwealth, and our third party data providers (which includes any person mentioned in the Third Party Data Conditions as providing information through the PPSR), have no liability to you in respect of any loss or damage that you might suffer no matter how arising (including negligence) that is directly or indirectly related to the NEVDIS Data.

How to verify this certificate on the PPSR

You can use the search number from an original search (as shown on this certificate) to retrieve the original search results and to issue a copy of the search certificate at https://transact.ppsr.gov.au/ppsr/Home.
There is no fee, however this process will not provide any update to the information in the original search.

Privacy and Terms and Conditions

The Australian Financial Security Authority is subject to the *Privacy Act 1988* which requires that we comply with the Australian Privacy Principles (APPs) set out in the Act. The APPs set out how Australian Government agencies should collect, use, store and disclose personal information and how individuals can access records containing their personal information.

Access to and use of the PPSR is subject to the General Conditions of Use, as well as other relevant terms and conditions. All relevant terms and conditions can be found at www.ppsr.gov.au.
